1. Reasons for and aims of the Merger

The Board has unanimously decided that it is in the interests of both the shareholders of the Merging Sub-fund and the shareholders of the Receiving Sub-fund to rationalise the management of these two sub-funds by merging them.

The Board intends to restructure its range by merging sub-funds with similar management strategies, risk profiles and target clients. This will provide the management team with a refocused range and greater assets under management, while achieving significant economies of scale. Furthermore, the Board believes that the merger will make it possible to increase assets under management and therefore spread costs over a larger pool of assets.

2. Impact of the Merger on shareholders

A. Impact of the Merger on the shareholders of the Merging Sub-fund

On the Effective Date, the Merging Sub-fund will transfer to the Receiving Sub-fund all of its assets and liabilities, in accordance with Article 76 (1) of the Law of 2010.

Shareholders should note the following main similarities between the two Sub-funds:

- The Merger will not affect the value of your investment in the Fund;
- The Merging Sub-fund and the Receiving Sub-fund are two sub-funds of the same Fund and therefore the service providers, including the investment manager, RAM Active Investments S.A., are identical;
- The Merging and Receiving Sub-funds are categorised under Article 8 of the SFDR (EU regulation on sustainability-related disclosures in the financial services sector). The systematic ESG investment methodology specific to the investment manager of the Merging and Receiving Sub-funds, RAM Active Investments S.A., remains similar;
- The risk and return profile of the Receiving Sub-fund will be similar to that of the Merging Sub-fund, as measured by the summary risk/return indicator in the Key Information Documents (“**PRIIPs KIDs**”);
- All share classes of the Merging Sub-fund and the Receiving Sub-fund are accumulation share classes;
- The reference currency for both Sub-funds is the USD.

The main characteristics and differences between the Merging Sub-fund and the Receiving Sub-fund (applicable on the Effective Date) are described below (with differences highlighted in bold).

B. Impact of the Merger on the shareholders of the Receiving Sub-fund

- As part of the change of investment policy of the Receiving Sub-fund in view of the Merger, the composition of the assets of the Receiving Sub-fund will be rebalanced in order to comply with the investment policy of the Receiving Sub-fund applicable on the Effective Date. However, no dilution of the performance of the Receiving Sub-fund is expected, so the Board does not expect there to be any impact on the existing shareholders of the Receiving Sub-fund;
- The ESG investment methodology used to select the securities of the Receiving Sub-fund will remain unchanged;
- The existing share classes of the Receiving Sub-fund will remain in place;
- When the Merger is completed, the total net asset value of the Receiving Sub-fund will increase as a result of the transfer of the assets and liabilities of the Merging Sub-fund.

3. Procedural aspects of the Merger

The Merger will take effect on the Effective Date, i.e. 18 December 2023.

Subscriptions, redemptions and conversions of shares in the Merging Sub-fund will be suspended five bank business days in Luxembourg prior to the Effective Date, starting after 12 noon (Luxembourg time) on 11 December 2023.

Subscription, redemption and conversion orders from shareholders of the Merging Sub-fund will therefore not be accepted during this period.

During the five-day period preceding the Effective Date, the investment manager RAM Active Investments S.A. may make reallocations in the portfolio of the Merging Sub-fund in order to comply with the investment policy of the Receiving Sub-fund which will be newly implemented on the Effective Date. Consequently, the investment policy of the Merging Sub-fund may no longer be complied with during this period. However, no dilution of the performance of the Merging Sub-fund is expected during this period prior to the Merger.

Shareholders of the Merging and Receiving Sub-funds who do not wish to participate in the Merger may request the redemption or conversion of their shares free of charge (except for divestment fees) from 10 November 2023 until 12 noon (Luxembourg time) on 11 December 2023.

Shares which have not been presented for redemption before 12 noon (Luxembourg time) on 11 December 2023 will be included in the Merger into the Receiving Sub-fund on the Effective Date.

The Merger will entail the transfer of the assets and liabilities of the Merging Sub-fund to the Receiving Sub-fund on the Effective Date in exchange for the allocation to shareholders of the Merging Sub-fund of the Corresponding Class of Share in the Receiving Sub-fund.

Any accrued income relating to an "accumulation" share class of the Merging Sub-fund on the Effective Date will be included in the calculation of the last net asset value per share of that class and this accrued income will be accounted for on an ongoing basis after the Merger in the net asset value per share for the Corresponding Share Class of the Receiving Sub-fund.

The amount set aside for the performance fee for the Merging Sub-fund, where applicable, will be considered as credited to the investment manager and will be payable from the Effective Date. The new shares issued will be treated as new subscriptions to share classes of the Receiving Sub-fund and, where applicable, subject to a performance fee.

The costs associated with the preparation and completion of the Merger will be borne by the Management Company, including legal, accounting and other administrative costs.
