## 1. Background to and rationale for the Merger

The Board has unanimously decided that it is in the interests of both the shareholders of the Merging Sub-Fund and the shareholders of the Receiving Sub-Fund to rationalise the management of these two sub-funds by merging them.

The Board intends to restructure the Fund's range by merging sub-funds with similar management strategies, risk profiles and target clients. This will provide the management team with a refocused range and greater assets under management, while achieving significant economies of scale. Furthermore, the Board believes that the merger will make it possible to increase assets under management and therefore spread costs over a larger pool of assets.

## 2. Impact of the Merger on shareholders

### A. Impact of the Merger on the shareholders of the Merging Sub-Fund

On the Effective Date, the Merging Sub-Fund will transfer to the Receiving Sub-Fund all of its assets and liabilities, in accordance with Article 76 (1) of the Law of 2010.

Although the investment objective, policy, strategy and process of the Merging Sub-Fund and the Receiving Sub-Fund differ (as described in the annex), shareholders should note the following main similarities between the two sub-funds:

- The Merger will not affect the value of your investment in the Fund;
- The Merging Sub-Fund and the Receiving Sub-Fund are two sub-funds of the same SICAV and therefore the service providers are identical, other than their respective investment managers, details of which are detailed below;

- The risk and return profile of the Receiving Sub-Fund will be similar to that of the Merging Sub-Fund, as measured by the summary risk/return indicator in the Key Information Documents (“PRIIPs KIDs”);
- All share classes of the Merging Sub-Fund and the Receiving Sub-Fund are accumulation share classes;

The main features and differences between the Merging Sub-Fund and the Receiving Sub-Fund (applicable from the Effective Date) are described below.

Shareholders are advised to refer to the Fund's most recent approved prospectus and this notice to Shareholders for more information on the respective characteristics of the Merging and Receiving Sub-Funds.

<b>Risk factors</b>	Investors are invited to read chapter 7 "Risks associated with investing in the SICAV" in this Prospectus for information on the potential risks linked to an investment in this sub-fund.	<p>The Sub-Fund can use financial derivative instruments ("FDI") for investment purposes or to obtain leverage which may increase the volatility of the Sub-Fund, an investment in the Sub-Fund should not constitute a substantial proportion of an investment portfolio and is reserved for sophisticated investors. A sophisticated investor for the purposes of this Sub-Fund is an investor who understands the credit markets and the risks associated with investing in the credit markets as well as the broad range of instruments within the Portfolio including FDI and the use of leverage.</p> <p>Investors are invited to read chapter 7 "Risks associated with investing in the SICAV" in this Prospectus for information on the potential risks linked to an investment in this sub-fund.</p> <p>Given that the sub-fund makes frequent use of derivative financial instruments and/or uses more complex strategies and instruments, an internal Value-at-Risk model aims to quantify the maximum potential loss that may be generated by the portfolio in normal market conditions. Stress tests are also carried out.</p> <p>The attention of investors is drawn to the fact that they may not recover the total value of their invested capital.</p> <p>The Sub-fund's Net Asset Value will depend mainly on direct and indirect bond market fluctuations and on risks such as those inherent to investment in derivatives.</p> <p>Investors' attention is drawn to the fact that the acquisition of derivatives entails certain risks that may have a negative impact on performance.</p> <p>The portfolio's overall risk is monitored daily. It integrates the following elements:</p> <p>A 20-day Value-at-Risk ("VaR") calculation with a 99% confidence interval is conducted using the Monte Carlo simulation method. The VaR limit is set at 20%.</p> <p>A daily "dirty back-testing" procedure for the VaR model using the simulation method (with point-in-time values) has been put in place to</p>

		<p>validate the model. If the portfolio exceeds the daily VaR with a 99% confidence level, this is explained and analysed.</p> <p>Stress tests are calculated for one day, one week and ten days to supplement the VaR calculation mechanism and verify the resilience of the portfolio in extreme phases of market stress (tail events).</p> <p>The regulatory counterparty, concentration and coverage risks are also controlled on a daily basis.</p> <p>If the regulatory and risk limits are exceeded, risk reduction and correction measures are implemented on the portfolio.</p>

Shareholders of the Merging Sub-Fund who do not wish to participate in the Merger may request the redemption or conversion of their shares free of charge (except for divestment fees) no later than 12 noon (Luxembourg time) on 21 August 2025, in accordance with the provisions of the prospectus.

Please be aware that the Merger may create a chargeable tax event in your country of tax residence. The Board urges the shareholders of the Merging Sub-Fund to seek advice from their tax adviser as to the possible tax consequences of the Merger.

#### B. Impact of the Merger on the shareholders of the Receiving Sub-Fund

When the Merger is completed, the total net asset value of the Receiving Sub-Fund will increase as a result of the transfer of the assets and liabilities of the Merging Sub-Fund.

The Receiving Sub-Fund will continue to be managed in line with its investment objective and strategy after the Merger. The Board does not foresee any material impact on the Receiving Sub-Fund's investment portfolio or performance as a result of the Merger.

### 3. Procedural aspects of the Merger

The Merger will take effect on the Effective Date, i.e. 28 August 2025.

Considering the Merger, the Board has resolved that no new subscriptions in the Merging Sub-Fund will be accepted from 16 July 2025 until the Effective Date (inclusive).

Redemptions and conversions of shares in the Merging Sub-Fund will be suspended five Business Days in Luxembourg prior to the Effective Date, starting after 12 noon (Luxembourg time) on 21 August 2025.

During the five-day period preceding the Effective Date, the Investment Manager of the Merging Sub-Fund may make reallocations in the portfolio of the Merging Sub-Fund in order to comply with the investment policy of the Receiving Sub-Fund. Consequently, the investment policy of the Merging Sub-Fund may no longer be complied with during this period. However, no dilution of the performance of the Merging Sub-Fund is expected during this period prior to the Merger.

**Shareholders of the Merging and Receiving Sub-Funds who do not wish to participate in the Merger may request the redemption or conversion of their shares free of charge (except for divestment fees) from 21 July 2025 until 12 noon (Luxembourg time) on 21 August 2025.**

The Merger will entail the transfer of the assets and liabilities of the Merging Sub-Fund to the Receiving Sub-Fund on the Effective Date in exchange for the allocation to shareholders of the Merging Sub-Fund of the Corresponding Class of Share in the Receiving Sub-Fund.

Any accrued income relating to an "accumulation" share class of the Merging Sub-Fund on the Effective Date will be included in the calculation of the last net asset value per share of that class and this accrued income will be accounted for on an ongoing basis after the Merger in the net asset value per share for the Corresponding Share Class of the Receiving Sub-Fund.

The amount set aside for the performance fee for the Merging Sub-Fund, where applicable, will be considered as credited to the investment manager of the Merging Sub-Fund, Nexus Investment Advisors Limited, and will be payable from the Effective Date. The new shares issued will be treated as new subscriptions to share classes of the Receiving Sub-Fund.

#### **4. Costs**

Any legal, advisory and other administrative costs associated with the preparation and completion of the Merger will be borne by Mediobanca Management Company S.A.

#### **5. Documents relating to the Merger**

A copy of the version of the PRIIPs KIDs for the Corresponding Share Classes of the Receiving Sub-Fund, detailing the investment policy and characteristics of the Receiving Sub-Fund as at the Effective Date, is attached to this notice to shareholders.

A copy of the common terms of the Merger, the current version of the Fund's prospectus, a copy of the auditor's report, the statement of conformity issued by the depositary and the latest audited financial statements of the Fund are available free of charge on request from the registered office of the Fund.

In accordance with article 72 of the 2010 Law and of the Fund's Prospectus, notices shall be sent to the Shareholders of the Merging and Receiving Sub-Funds. Notices will also be published on the website of the Investment Manager of the Receiving Sub-Fund (<https://www.ram-ai.com/en/fund-publications>).

#### **Additional information**

Redemption requests will only be processed subject to compliance with obligations relating to the fight against money laundering, and will be subject, where applicable, to the related restrictions in accordance with the provisions of the Fund's prospectus.
